Public Utilities

FORTNIGHTLY

Index to Volume 59

Including the Issues of January 3, 1957
to June 20, 1957

PUBLIC UTILITIES REPORTS, INC.
WASHINGTON, D. C.

INDEX

To Vol. 59 of *Public Utilities Fortnightly*

Pages by Issue

January 3, 1957	Pages 1 to 72	April 11, 1957	Pages 505 to 576
January 17, 1957	" 73 to 144	April 25, 1957	" 577 to 648
January 31, 1957	" 145 to 216	May 9, 1957	" 649 to 720
February 14, 1957	" 217 to 288	May 23, 1957	" 721 to 792
February 28, 1957	" 289 to 360	June 6, 1957	" 793 to 880
March 14, 1957	" 361 to 432	June 20, 1957	" 881 to 952
March 28, 1957	" 433 to 504		

Subject Index

ACCOUNTING
- Accountants as regulatory commissioners, 93.
- Capitalization of interest, 361.

ADVERTISING
- Advantages to utilities, 598.

ALASKA
- Phone circuit opens, 107.

APPEAL AND REVIEW
- Hell's Canyon decision brings mixed reactions, 628.
- Judicial back-seat driving and regulatory progress, 118.

ATOMIC ENERGY
- Charts re atomic program, 259.
- Competitive power from nuclear fission, 405.
- Cost factors in program, 257.
- England—atomic power, 468, 543.
- Free enterprise and atomic energy, 294, 334.
- Holding Company Act and atomic energy, 553, 721, 819.
- Idaho melt down, 533.
- Investment bankers look at utility problems, 45.
- Joint committee hearings, 458.
- Licensing procedures of AEC, 694.
- Michigan atom plant, 172.
- Outlook for public utilities—1957, 1.
- Partnership plan for atomic power development, 217, 289.
- Plant progress, 390.
- Private plans for atomic reactors despite political handicaps, 914.
- REA atomic plants, 314.
- Reactor construction costs up sharply, 611.

ATOMIC ENERGY—Cont'd
- State of atomic energy industry, 478.
- State regulation, 923.
- Table—estimated energy costs at nuclear plants, 613.

CALIFORNIA
- Fuel costs, 919.

CAPITAL
- See Return.

CARRIERS
- See Air Carriers; Motor Carriers; Railroads; Transportation.

CHARTS
- Bonneville revenues and expenses 1949–1958, 541.
- Efficiency of electric generating stations, 1925–1965, 689.
- Electric utility trends and forecasts, 396, 398.
- Fuel costs 1952–1958, 918.
- Gas consumers 1947–1956, 111.
- Gas revenues 1947–1956, 113.
- Growth of natural gas industry, 181, 464, 542.
- Inflation effects on construction costs and reserves, 766, 768.
- Operating costs at Consolidated Edison plants, 261.
- Regional peak loads and capacity 1954–1959, 38, 40.
- Yields on 1955–1956 common stock offerings, 323.

COAL
- Aluminum industry turns to coal, 515.

COMMISSIONS
Accountants as regulatory commissioners, 91.
FCC work load, 535.
House votes regulatory probe, 682.

COMMUNICATIONS
ACA labeled red-dominated, 461.
Antisabotage bill, 537.
Civil defense device, 34.
Dialaphone, 684.
Frequency allocation, 105, 911.
Microwave hearings, 843.
Mobile telephone ruling, 316.
Services subject to regulation, 633.
Telephonic fire alarm for municipalities, 83.

CONGRESS
Bills in Congress, 392.
Cooper plan to settle TVA dispute, 761.
Defective federal project power marketing law, 649, 749.
Gas bill, 251, 387, 910.
Harris-O'Hara bill, 678.
Hell's Canyon, 759, 909.
House votes regulatory probe, 682.
Joint committee hearings, 458.
Last round for 5-year amortization, 838.
Niagara compromise, 313.
No government power mandate, 305.
Outlook for public utilities—1957, 1.
Pamphleteering expenses, 909.
Reaction to oil price boost, 312.
REA developments, 532.
SPA rate boost supported, 314.
TVA legislation, 910.

CONSOLIDATION, MERGER, AND SALE
Independent telephone merger, 843.
Proposed sale of gas properties to Alabama municipalities defeated, 324.

CONSUMERS AND PATRONS
Army's use of electric power, 301.
Chart—gas consumers 1947–1956, 111.
Service denial when customer claims offset to unpaid bill, 865.

COST OF CAPITAL
See Return. .

COURTS
Judicial back-seat driving and regulatory progress, 118.

DEPRECIATION
Analysts' views on accelerated depreciation, 686.
Cost basis ,318.
Fast tax certificates ending, 457.
Last round for 5-year amortization, 838.
Rapid depreciation impact on depreciation and tax deductions for rate making, 705.
Relation to dollar value, 489.

DIVIDENDS
Capitalization of interest, 361.
Common stock financing by utilities, 658.

DIVIDENDS—Cont'd
Dividend policy and reduction of tax liability, 15.
Investment bankers look at utility problems, 45.
Table—current yield yardsticks, 321, 687.
Yields on 1956 stock offerings, 322.

EARNINGS
See Dividends; Return.

ECONOMICS
American way to the power-full future, 793.
Capitalization of interest, 361.
Changing expense pattern of electric utilities, 160.
Chart—inflation effects on construction costs and reserves, 766.
Depreciation in relation to dollar value, 489.
Electric power for an expanding economy, 319, 798.
Fair value revisited, 505.
Ike's budget, 255.
Inflation and utility financing and regulation, 881.
Investor's rôle in preserving American freedom, 804.
Kilowatt economy expanding, 439.
Outlook for public utilities—1957, 1.
Teaching public utility regulation, 733.
U.S. Steel warns of inflation menace, 764.
Utility analyses published recently, 690.

EDUCATION
Bell science programs unique in television, 925.
Business and scientific education, 471.
Teaching public utility regulation, 733.
Training for engineers, 266.

ELECTRICITY
Air conditioning and electric requirements, 829.
American way to the power-full future, 793.
America's energy needs, 854.
Army's use of electric power, 301.
Changing expense pattern of electric utilities, 160.
Chart—efficiency of electric generating stations, 1925–1965, 689.
Chart—electric utility trends and forecasts, 396, 398.
Chart—operating cost at Consolidated Edison plants, 261.
Chart—regional peak loads and capacity, 1954–1959, 38, 40.
Consolidated Edison's convertible debentures, 399.
Defective federal project power marketing law, 649, 749.
EEI forecasts of capability and peak loads through 1960, 39, 769.
Electric utility data—1956, 766.
Field organization of electric utility companies, 547.
Higher fuel costs as factor in earnings, 262.
High lights of electric utility reports to stockholders, 845.

ELECTRICITY—Cont'd
Holding Company Act retards progress, 819.
Hurricanes create audience for utility education, 577.
Inflation and utility financing and regulation, 881.
Kilowatt economy expanding, 439.
Low-cost federal financing of hydro projects, 449.
Outlook for electric utilities, 395.
Partners in industrial research, 812.
Power for an expanding economy, 319, 798.
Sampling meter-testing techniques, 670.
Table—financial stock data, 42, 183, 325, 617, 770, 920.

EMPLOYEES
Compensating for shortages of utility engineers, 433.
House organ—employee morale builder, 186.
New challenge to Bell pension plan, 176.
Sharpening utility nose for news, 520.

EXPENSES
Atomic reactor construction costs up sharply, 611.
California fuel costs, 919.
Changing expense pattern of electric utilities, 160.
Chart—Bonneville revenues and expenses 1949–1958, 541.
Chart—fuel costs 1952–1958, 918.
Chart—inflation effects on construction costs and reserves, 766, 768.
Phamphleteering expenses, 909.
Pension costs as expense for rate making, 57.
"Piggyback" service shift, 588.
Rate case expenses as operating charge, 937.
Sales promotion and advertising, 345.
Sampling meter-testing techniques, 670.
Table—estimated energy costs at nuclear plants, 613.

FEDERAL COMMUNICATIONS COMMISSION
Frequency rule, 911.
Position on antitrust laws, 175.
Results of 1956 forecast, 3.
Work load, 535.

FEDERAL GOVERNMENT
Army's use of electric power, 301.
Atomic energy and freedom of enterprise, 294.
Partnership pattern and atomic power, 217, 289.
Seaton's press conference, 170.

FEDERAL POWER COMMISSION
Connole balks at advisory regulation, 123.
Cost as basis for gas field price fixing, 233.
Formula for "revenue requirements" a problem, 109.
Kuykendall explains, 456.
Legislative recommendation, 476.
Nez Perce dam favored, 531.
Results of 1956 forecast, 3.
SPA rate boost supported, 314.

FINANCES
Bond market's amazing reversal, 614.
Capital ratios—replies to SEC inquiry, 36.
Common stock financing by utilities, 658.
Cooper plan to settle TVA dispute, 761.
Heavy utility financing in first quarter, 539.
Inflation and utility financing and regulation, 881.
Interest rates, 167.
Investment bankers look at utility problems, 45.
Investor's rôle in preserving American freedom, 804.
Life insurance policyholders aid utility financing, 339.
Low-cost federal financing of hydro projects, 449.
Proposed changes in annual statistical report, 462.
Rate of return when interest rates rise, 129.
REA interest rates, 458, 907.
REA loan changes, 461.
Table—analysis of 1956 utility financing, 182.
Table—April utility financing, 767.
Table—December utility financing, 180.
Table—February utility financing, 466.
Table—first-quarter utility financing, 615.
Table—January utility financing, 324.
Table—May utility financing, 916.
TVA and fiscal reform, 856.
Utility stocks again popular with investors, 319.
Volume of 1956 financing not much affected by tight money, 179.

FLORIDA
Natural gas, 173, 188.
Oil price boost hits utilities, 409.
Telephone rate case, 174.

GAS
Chart—gas consumers 1947–1956, 111.
Chart—gas revenues 1947–1956, 113.
Chart—progress of gas industry, 181, 464, 542.
Compromise on gas bill, 387, 840.
Connole balks at advisory regulation, 123.
Cost as basis for gas field price fixing, 233.
Earnings sustained for natural gas, 42.
Florida natural gas, 173, 188.
FPC problem—a formula for "revenue requirements," 109.
Harris-O'Hara bill, 678.
Ike kicks off push for new bill, 251.
Investment bankers look at utility problems, 45.
Kuykendall explains, 456.
Natural gas bill, 760, 910.
Outlook for public utilities—1957, 1.
Producer bill expected, 607.
Proposed sale of gas properties to Alabama municipalities defeated, 324.
Rate case reaction, 841.
Reaction to oil price boost, 312.
Record gain in gas reserves, 538.
Results of 1956 forecast, 3.

GAS—Cont'd
Southern California gas seeks 6½ per cent return, 320.
Table—estimated reserves, 1945–1956, 540.
Table—financial stock data, 115, 263, 400, 544, 691, 851.
Tippy forecasts gas industry trends, 177.

GOVERNMENT POWER
American way to the power-full future, 793.
Bonneville net revenues shrinking rapidly, 540.
Case of the missing millions, 145.
Conservation approaches, 403.
Defective federal project power marketing law, 649, 749.
Hell's Canyon appeal ends, 604.
Hidden cost of public power, 688.
Indecision on the Snake river, 388.
Low-cost federal financing of hydro projects, 449.
Niagara compromise, 313.
No government power mandate, 305.
Power dam building in Pacific Northwest, 899.
Taxation of government power, 380.
Tax exemptions, 145.
Taxpayer looks at Cumberland river developments, 620.
Trinity "partnership" project stirs debate, 773.
TVA revenue bond plan compromise, 698.
U.S. checks out of Pleasant Valley picture, 681.

HURRICANES
Audience for utility education created, 577.

INDUSTRY
Advance planning for utilities pays off, 23.
Air conditioning and electric requirements, 829.
Aluminum industry turns to coal, 515.
American way to the power-full future, 793.
Chart—progress of gas industry, 464.
Closed-circuit TV aids business, 107.
Compensating for shortages of utility engineers, 433.
Education for engineers, 266.
Electric power for an expanding economy, 798.
Energy needs for America, 854.
Growth of telephone independents, 683.
Holding Company Act, 721, 819.
Investor's rôle in preserving American freedom, 804.
Kilowatt economy expanding, 439.
Partnership plan for atomic power development, 217.
Partners in industrial research, 812.
Power energy requirements to year 2000 A.D., 622.
Progress keyed to efficient power use, 270.
Solar energy uses, 328.
State of atomic energy industry, 478.
U.S. Steel warns of inflation menace, 764.

INTEREST
Capitalization during construction, 361.

LABOR
ACA labeled red dominated, 461.
CWA signs "good conduct" agreement, 107.
Wage accord for Southern Bell, 913.

LEGISLATION
Antisabotage bill, 537.
Bills in Congress, 392.
Defective federal project power marketing law, 649, 749.
FPC legislative recommendations, 476.
Gas bill, 251, 387, 607 ,760, 840, 910.
Harris-O'Hara bill, 678.
Holding Company Act retards progress, 819.
Kuykendall explains, 456.
Last round for 5-year amortization, 838.
Minnesota rate law revised, 843.
New York bill killed, 608.
Niagara, 313, 455.
No government power mandate, 305.
Outlook for public utilities—1957, 1.
Reaction to oil price boost, 312.
Relocation bills, 842.
TVA legislation, 910.
TVA revenue bond plan compromise, 698.
Utility relocation bills, 459.
Wage-hour exemption, 682.

MANAGEMENT
Advertising—necessity for utilities, 598.
Business and scientific education, 471.
Compensating for shortages of utility engineers, 433.
Electric power for expanding economy, 798.
Field organization of electric utility companies, 547.
House organ—employee morale builder, 186.
Partners in industrial research, 812.
Sharpening utility nose for news, 520.
Stockholder relations program, 373.

METERS
Sampling meter-testing techniques, 670.

MICHIGAN
Atom plant, 172.

MONOPOLY
Antitrust policy—a study in contradiction, 244.
Atomic energy and Holding Company Act, 553, 721.
Holding Company Act retards progress, 819.

MUNICIPALITIES
Advance planning for utilities pays off, 23.
Proposed sale of gas properties to Alabama municipalities defeated, 324.
Telephonic fire alarm for municipalities, 83.
Tennessee city problems, 115.

NATURAL GAS
See Gas.

NEWS ITEMS
March of events, 54, 126, 197, 271, 340, 414, 485, 558, 630, 702, 777, 862, 932.

PETROLEUM
Price regulation for the petroleum industry, 417.

PIPELINES
Regulation as aid to pipeline construction, 192.

PRIVATE ENTERPRISE
Atomic energy and free enterprise, 294, 334.
Defective federal project power marketing law, 649.
Hell's Canyon, 604, 628, 759.
Partnership pattern and atomic power, 289.
Power dam building in Pacific Northwest, 899.
Private plans for atomic reactors despite political handicaps, 914.
Shale oil experiments, 534.
Trinity "partnership" project stirs debate, 773.

PROGRESS OF REGULATION
Review of current cases, 60, 131, 205, 275, 349, 419, 491, 564, 635, 707, 780, 867, 939.
Trends and topics, 57, 129, 201, 273, 345, 417, 489, 561, 633, 705, 779, 865, 937.

PUBLIC POWER
See Government Power.

PUBLIC RELATIONS
Advertising necessity for utilities, 598.
Bell science programs unique in television, 925.
House organ—employee morale builder, 186.
Hurricanes create audience for utility education, 577.
Sharpening utility nose for news, 520.
Stockholder relations program, 373.

RADIO AND TELEVISION
Closed-circuit TV aids business, 107.
FCC clarifies position, 175.
Frequency allocation study, 105.
Subscription TV, 460, 912.

RAILROADS
"Piggyback" service shift, 588.
Postwar freight rate increases, 73.

RATE BASE
Analysts' views on accelerated depreciation, 686.
Book value ratios, 394.
Capitalization of interest, 361.
Depreciation cost basis, 318.
Expenditures for sales promotion and advertising, 345.
Fair value revisited, 505.
Inflation and utility financing and regulation, 881.
Property acquired for future use, 201.
Rapid depreciation impact on depreciation and tax deductions for rate making, 705.
Recent views on cash working capital, 561.
Sale price in relation to rate base theory, 779.
Trended original cost as substitute for reproduction cost, 273.

RATES
Bell System's rate cases, 685.
Connole balks at advisory regulation, 123.
Cost as basis for gas field price fixing, 233.
Minnesota rate law revised, 843.
Need for higher rates seen by AT&T head, 391.
New York Telephone plagued by low rates, 35.
Outlook for public utilities—1957, 1.
"Piggyback" service shift, 588.
Price regulation for the petroleum industry, 417.
Railroad postwar freight rate increases, 73.
Reaction to oil price boost, 312.
Results of 1956 forecast, 3.

REGULATION
Aid to pipeline construction, 192.
Communications services subject to regulation, 633.
Fair value revisited, 505.
Harris-O'Hara bill, 678.
House votes regulatory probe, 682.
Inflation and utility financing, 881.
Judicial back-seat driving and regulatory progress, 118.
Outlook for public utilities—1957, 1.
Price regulation for the petroleum industry, 417.
Reaction to oil price boost, 312.
Reformed procedures, 315.
Results of 1956 forecast, 3.
State regulation of atomic energy, 923.
Teaching public utility regulation, 733.

REGULATORY TRENDS
See Trends and Topics.

RETURN
AT&T reports earnings, 106.
Bonneville net revenues shrinking rapidly, 540.
Chart—Bonneville revenues and expenses 1949–1958, 541.
Chart—gas revenues 1947–1956, 113.
Common stock financing by utilities, 658.
Embargo on forecasting utility earnings, 614.
Higher fuel costs as factor in electric utility earnings, 262.
Investment bankers look at utility problems, 45.
Natural gas earnings sustained, 42.
Rising interest rates as affecting, 129.
Southern California gas seeks 6½ per cent return, 320.

REYNOLDS METALS—ARKANSAS POWER CASE
Defective federal project power marketing law, 649.

RURAL ELECTRIFICATION ADMINISTRATION
Atomic plants, 314.
Equity ruling, 176.

RURAL ELECTRIFICATION ADMINISTRATION—Cont'd
Interest rates, 458, 532, 907.
Loan changes, 461, 610, 912.
Phone program, 174.

SAMPLING
Meter-testing techniques, 670.

SECURITIES
Bond market's amazing reversal, 614.
Capital ratios—replies to SEC inquiry, 36.
Chart—yields on 1955–1956 common stock offerings, 323.
Common stock financing by utilities, 658.
Consolidated Edison's convertible debentures, 399.
Dividend policy and reduction of tax liability, 15.
High lights of electric utility reports to stockholders, 845.
Interest rates, 167.
Investor's rôle in preserving American freedom, 804.
Later Fulbright findings on utility stocks, 767.
New restrictions on bond redemption provisions, 180.
Proposed split of American Telephone, 468.
Stockholder relations program, 373.
Table—data on electric utility stocks, 183, 325, 468, 617, 770.
Table—data on gas, telephone, transit, and water stocks, 115, 263, 400, 544, 691.
Table—utility offerings in March, 616.
Tippy forecasts gas industry trends, 177.
TVA revenue bonds, 544.
Utility stocks again popular with investors, 319.
Yield on 1956 stock offerings, 322.

SERVICE
Advance planning for utilities pays off, 23.
Advertising necessity for utilities, 598.
Air conditioning and electric requirements, 829.
Army's use of electric power, 301.
Denial when customer claims offset to unpaid bill, 865.
Electric power for expanding economy, 798.
Future of intraurban suburban transit, 891.
Hurricanes create audience for utility education, 577.
"Piggyback" service shift, 588.

STRIKES
CWA signs "good conduct" agreement, 107.
CWA strike damages, 317.
Ohio strike ends, 460.

TABLES
Analysis of 1956 utility financing, 182.
April utility financing, 767.
Current yield yardsticks, 321, 687.
Data on electric utility stocks, 42–44, 183, 325, 468, 617, 770, 920.
Data on gas, telephone, transit, and water stocks, 115, 263, 400, 544, 691, 851.

TABLES—Cont'd
December utility financing, 180.
Estimated energy costs at nuclear plants, 613.
Estimated gas reserves, 1945–1956, 540.
February utility financing, 466.
First-quarter utility financing, 615.
January utility financing, 324.
May utility financing, 916.
Utility offerings in March, 616.

TAXES
Case of the missing millions, 145.
Cumberland river development examined by taxpayer, 620.
Dividend policy and reduction of tax liability, 15.
Excise tax cut urged, 33.
Fast tax certificates ending, 457.
Franchise tax issue raised, 763.
Government power, 380.
Hell's Canyon taxes, 759.
Last round for 5-year amortization, 838.
Outlook for public utilities—1957, 1.
Rapid depreciation impact on depreciation and tax deductions for rate making, 705.
Results of 1956 forecast, 3.

TELEPHONES
Alaska phone circuit opens, 107.
Antitrust policy—a study in contradiction, 244.
AT&T—earnings report, 106.
Bell System, 256, 685.
Communications services subject to regulation, 633.
CWA strike damages, 317.
Dialaphone, 106, 684.
Excise tax cut urged, 33.
Farm phone bills advancing, 609.
Florida rate case, 174.
Growth of independence, 683.
Hurricanes create audience for utility education, 577.
Hush-A-Phone case, 318.
Ike's budget, 255.
Increased use, 106.
Independent birthday, 762.
Independent merger, 843.
Low rates plague New York Telephone, 35.
Mobile telephone ruling, 316.
Need for higher rates seen by AT&T head, 391.
New challenge to Bell pension plan, 176.
New York bill killed, 608.
NTCA meeting, 536.
Ohio strike ends, 460.
Outlook for public utilities—1957, 1.
Proposed split of American Telephone, 468.
REA equity ruling, 176.
REA loan changes approved, 610.
REA phone program, 174.
Relocation bills, 459, 842.
Research lab formed by General Telephone, 108.
Science programs unique in television, 925.
Table—financial stock data, 116, 264, 400, 545, 691, 852.

TELEPHONES—Cont'd
Telephonic fire alarm for municipalities, 83.
Wage accord for Southern Bell, 913.
Wage-hour exemptions, 682.

TELEVISION
See Radio and Television.

TENNESSEE
Municipal problems, 115.

TENNESSEE VALLEY AUTHORITY
Cooper plan to settle TVA dispute, 761.
Fiscal reform, 856.
Legislation, 910.
Outlook for public utilities—1957, 1.
Results of 1956 forecast, 3.
Revenue bonds, 544, 698.
Taxation of government power, 380.

TRANSPORTATION
Automobile's rôle in transit, 189.
Future of intraurban suburban transit, 891.
Highway relocations, 762.
National transportation policy, 410.
Outlook for public utilities—1957, 1.
"Piggyback" service shift, 588.
Results of 1956 forecast, 3.
Right-of-way legal manual, 700.
Survey favors buses, 196.
Table—financial stock data, 116, 264, 400, 545, 691, 852.

TRENDS AND TOPICS
Communications services subject to regulation, 633.
Depreciation in relation to dollar value, 489.
